ABOUT THE REGION

DESCRIPTION AND POSSIBILITIES

Fribourg is one of the largest medieval cities, situated on a rocky spur with the river Sarine flowing on three sides. More than 200 old Gothic facades from the 15th century give its old town an incomparable charm.

A system of walls at least two kilometres long once protected the city. Remains of the walls, towers and a bastion have survived. The most impressive building in Fribourg, however, is the cathedral with its magnificent stained glass windows. Dedicated to St. Nicholas, it was built in stages from 1283 onwards and has a 74-metre-high tower from which you can enjoy an exceptional panoramic view.

Whatever the season, there are many places to visit. From the Old Town, to the cathedral and the many museums, you will have an enriching stay.

THINGS TO DO

Legend has it that the 74m tower was not completed because of a lack of money. The cathedral is a Gothic jewel, built between 1283 and 1490.

It is possible to climb the 365 steps to the top of the 74m high tower and see the city in its entirety.

CATHÉDRALE ST-NICOLAS

THE NATURAL HISTORY MUSEUM

The Natural History Museum houses numerous rich scientific collections and presents permanent exhibitions on earth sciences and biology. Rediscover the mysteries of life and science through the permanent and numerous temporary exhibitions of the Natural History Museum.

The home of the Fribourg Gottéron Dragons, the ice hockey team of Fribourg. Enjoy this incredible place with its 6 restaurants and its large ice rink. You have the possibility to skate and play hockey on Wednesdays and weekends. Visit their website for schedules and prices.

BCF ARENA

NEARBY RESTAURANTS

In this 19C patrician house near the centre of Fribourg, diners can savour a harmonious set menu comprising five to seven courses. Stripped back to home in on the essentials, the dishes are also pleasing to the eye. The food is served in a stylish, refined and modern atmosphere, and the service is professional. The interesting wine list focuses on Switzerland and France.

RESTAURANT DES TROIS TOURS

Le Pérolles is a gastronomic restaurant run by the Fribourg chef Pierrot Ayer.

Recently renovated, the establishment welcomes you in an atypical setting, decorated in a subtle way to make you spend an unforgettable experience.

While respecting the seasons, the land and the freshness of the products, the cuisine is modern thanks to the young team in place.

LE PÉROLLES

Enjoy a tailor-made burger with local produce and meat.
